SUMMARY

I am a Junior Full-Stack Development student with a passion for building modern, responsive web applications. Skilled in front-end and back-end development using HTML, CSS, JavaScript, React.js, PHP, and Laravel. I enjoy solving problems, learning new technologies, and continuously improving my coding and teamwork skills.

WORK EXPERIENCE

PHP Full-Stack Summer Intern — NTI

August 2025 - September 2025

Completed a practical full-stack development internship focusing on PHP, MySQL, HTML, CSS, and JavaScript. Gained experience building responsive, database-driven web applications and implementing CRUD operations. Learned to use Git for version control, improved debugging and problem-solving skills, and understood the workflow between front-end and back-end integration.
